APRDP Program

Ph.D. Study at the University
of Nebraska Medical Center

*The key to successful growth and a
global economy in each nation is
collaboration in education.*

Our Committed Partners

- Chinese Academy of Sciences (CAS)
- Shanghai Jiao Tong University School of Medicine (SJTUSM)
- Xi'an Jiaotong University Health Science Center (XJTUHSC)

Future Partners

With nearly 30 years of academic exchanges with China, UNMC continually pursues partnerships outside of current signed agreements.

Benefits of Partnership

Partnerships help advance scientific and economic growth and meet need of improved Chinese medical care, higher quality health care workers, and better medical products for the people of China.

UNMC is an active American university for receiving Chinese students, selected from top 49 Chinese universities, able to attend through joint financial support from the China Scholarship Council and UNMC.

China Scholarship Council (CSC) sponsored programs

- Joint-Training students (1-2 years)
- Degree-Seeking graduate students (4-5 years)
- Postdoctoral scholars

Financial Support

STUDENTS = \$1,750 monthly stipend

- CSC - \$1,000, plus round trip airfare
- UNMC - \$750 match up funds, temporary housing in APRDP Friendship House, and tuition waiver

POSTDOCS = \$2,750 monthly stipend

- CSC - over \$1,100, plus round trip airfare
- UNMC - match up funds

UNIVERSITY OF
Nebraska
Medical Center

Participating Departments:

- College of Dentistry
- College of Graduate Studies
- College of Medicine
- College of Nursing
- College of Pharmacy
- College of Public Health

Research Interests

- | | |
|------------------------|-----------------------------------|
| Biochemistry | Neuroscience |
| Bioinformatics | Neurodegenerative Disorders |
| Cancer Biology | Nursing |
| Cardiovascular Biology | Pharmacy |
| Cell Biology | Physiology |
| Dental Research | Receptors and Signal Transduction |
| Developmental Biology | Stem Cell Biology |
| Genetics, Gene Therapy | Teratology |
| Immunology | Toxicology |
| Microbiology | Virology |
| Molecular Biology | |

CSC Program

in collaboration with UNMC and Chinese
universities for education and research training

2008-2009 UNMC Students Sponsored by CSC

UNMC accepted 10 applicants via scholarship from
the China Scholarship Council:

COLLEGE OF MEDICINE

- Pathology/Microbiology
1 – XJTUHSC, 1 – Nanjing U.
- Obstetrics/Gynecology
1 – Zhejiang U.
- Pharmacology & Exp. Neuroscience
1 – SJTUSM, 1 – Xinan U.
- Biomedical Research Training Program
1 - SJTUSM

COLLEGE OF PHARMACY

- Pharmaceutical Sciences
1 – Sichuan U., 1 – Huazhong U.

COLLEGE OF PUBLIC HEALTH

- Toxicology
2 – Zhejiang U.

Application for the Program

Joint-Training/Degree-Seeking/Postdoctoral scholars:

- Completed app form
- Sponsor letter
- 3 references
- Narrative
- Official transcripts (required for students, optional for postdoctoral scholars)
- English test scores (GRE & TOFEL required for degree-seeking)
